

## SS Ch# Power Point Presentation Rubric

**Group Names:** \_\_\_\_\_

Content	Score /4	Comments (If they are highlighted or hand printed then they apply to you)
Definitions: Your inquiry project explained all the terms clearly.		You did not define all the terms. All or some of your definitions were not correct. All or some of your definitions didn't makes sense.
Your inquiry project answered all the questions.		You did not answer all the questions. All or some of your answers were not correct. All or some of your answers did not make sense.
Information was presented in a logical sequence.		Your information was not organized and was out of sequence
Information on slides reflects effective key-wording skills. Information has not simply been copied from another source.		You have copied and pasted someone elses work. That is plagiarism. No mark given.
Grammar is correct.		A partner should have proofed your work.
You have proof read and COPSd.		A partner should have proofed your work.
You have used an APA bibliography on your last slide.		You used MLA. You didn't include a bibliography = No Mark Given.
Your last question was answered in an insightful way: your group used the knowledge you learned from this project to come up with a well thought out argument/opinion which was backed up by facts		Your answer: Was vague and lacked a clear opinion or idea; Did not answer the question fully; Did not show that you had learned enough about the subject; Did not contain facts to back up your ideas.
<b>Design</b>		
You have used between 12 & 18 slides.		You have used too many / too few slides.
Every slide has a title.		Slides are missing a title
Each slide has 1 or 2 small pictures.		Too many pictures. Pictures too large.
Maximum 8 sentences/points on any slide.		More than 8 sentences/points per slide
Text font size is 18 or greater.		Your font is too small
Text stands out from the background and easy to read; colours don't hide the text or "burn" the eyes.		No black and white.
You have used clickable transitions between every slide.		There should be no automatic transitions
You have clickable text or the text is already present on the slide.		There should be no automatic/timed text
<b>Presentation</b>		
Presenters are familiar with the material and did not read from slides or rely on notes. It is evident that the presentation was rehearsed.		All of some of you read the slides. All or some of you relied too heavily on notes.
Presenters spoke clearly, loudly and slowly enough to be heard by the audience.		It was difficult to understand/hear your presentation.
Presenters made eye-contact with the audience.		More eye-contact is needed when presenting.
The presentation stimulated questions.		There were no questions.
Presenters waited for audience attention before starting and the end of the presentation was clearly signalled.		You didn't pause before starting your slide show. The ending was not clear to the audience.
<b>TOTAL SCORE /92</b> →		

1=Does Not Meet Expectations; 2=Minimally Meets Expectations; 3=Fully Meets Expectations; 4=Exceeds Expectations
